

In the Drawings:

Please replace sheet 1 of the original drawings with the attached replacement sheet 1. In the replacement sheet, Figure 1 has been amended to change the reference number for the front end of the loading arm, which is discussed in the paragraph beginning on line 5 of page 7, from "20" to "40". This change is necessitated by the fact that the reference number "20" was also used to refer to a part of the bore 18, as is discussed in the paragraph beginning on line 9 of page 7. The Examiner's entry of this amendment is respectfully requested.

Remarks

Entry of this amendment in the present application is respectfully

Respectfully submitted,
